PUBLISHED: Kalambaka 2002

CONSULTANT TEACHERS: Theodoros Nimas, Nicolaos Ziogas, Evaggelia Kyritsopoulou, G. Delli, V. Gandi

PRODUCED BY: 26 2nd & 3rd grade students of the 1st Junior High School of Kalambaka

DESCRIPTION:

- 1) **WHAT?** It is a book produced in the frames of an environmental educational program. Through the pages of this book, teachers and students aim to produce a scientific historical guide for the monuments of the town, where they live and work. The book was published and distributed to the local community, in order to obtain an official and public character and make local history an issue of common interest.
- 2) **HOW?** The book is the result of a bibliographical research of essays on history and archaeology of the monuments of Kalambaka. The text is given in well organised chapters about Geography, History and Monuments of the town (Ancient, Byzantine, Recent and Modern times). Students have walked around, came close to the nature and monuments of their hometown, took pictures and undertook research on their history using school, municipal and other local libraries.

CONTENTS: detailed text, photographs and extent bibliography.
