DESCRIPTION:

- 1) **WHAT?** It is a book produced in the frames of an environmental educational program with the support of the Aegean University. Through the pages of this book, teachers and students aim to give detailed and well organised information about the history and the monuments of the town of Trikala, in which they live and work. The book gives a historical diagram of the town of Trikala through ages (Myth, Ancient, Byzantine, Recent and Modern times), refers to the river of the town, the centre of the town and how it has changed through the centuries, the old town and the fortress above it, the archaeological site of Asclepeion, the mosque of Osman Sah, the industrial, sports and cultural life of the recent years of Trikala history.
- 2) **HOW?** The book is the result of bibliographical and internet research as well as actual visits in historical sites and parts of the town. The text is given in well organised chapters and is accompanied by nice pictures taken by the working team itself as well as old historical pictures. The students had the chance to wander themselves in their town through history and finally wonder about the future of their town and become sensitive of their responsibility about it.
